Collaboration Protocol

Within the framework of the Collaboration Agreement between the Health Care Committee of Murmansk Region and Health Authority of Northern Norway, signed by the parties 04.10.07, negotiations between Health Authority of Northern Norway and Emergency Medicine Authority of Murmansk Region have taken place.

The parties discussed:

- a issue of visiting Murmansk Emergency Center by the delegation from Health Authority of Northern Norway
- an issue of the Russian participation at the meeting on Spitsbergen combined with visiting Barentsburg
- an issue of the Norwegian participation from Health Authority of Northern Norway as observers in large-scale exercises "Rescue of people at fires in multi-storied building in the city of Murmansk in 2008
- Participation of the Russian delegation in rescue exercises (medical sector) in counties Troms and Finnmark
- The organization of regular meetings on the issue of Rescue and Preparedness on plenipotentiaries level
- an issue on broader presentation of equipment and methods used in specialized sectors of rescue operations
- Opportunities of financing of the future cooperation and the responsibility for financial issues
- Organization of the meeting to continue and finish negotiations about "Agreement Regarding Emergency and Planned Medical Transportation in the Border Adjoining Counties – Finnmark and Murmansk Region" with participation of health authority plenipotentiaries from Norwegian and Russian side, and also with attraction of the boundary commissioner and the police chief from Norwegian side and the chief of frontier troops of Federal Security Service Authority (UFSB) in Murmansk Region.

The parties agreed:

1. The Russian party invites the delegation from Health Authority of Northern Norway to visit Murmansk Territorial Emergency Center in I-II quarter 2008.
2. Health Authority of Northern Norway will help in searches of financing of the Russian participation in the meeting on Spitsbergen combined with visiting Barentsburg.
3. The Russian party will invite delegation from Health Authority of Northern Norway as the observer to large-scale rescue exercises "Rescue of people at fires in multi-storied buildings" to Murmansk in 2008.
4. The Norwegian party will invite the Russian delegation to rescue exercises (medical sector) in the counties Troms and Finnmark.
5. To hold meetings between partners on plenipotentiaries level on the issue of Rescue and Preparedness, on executive power level.
